Submitted to His Highness.

3 (1) With a view to improve the vicinity of the Queen's Statue in the Cubbon Park at Bangalore the site of the old Police Station at the locality was acquired by the Government and a plot of ground to the north of the Prospect House forming part of the Cubbon Park was given in exchange for a new Police Station to be constructed by the authorities of the Civil and Military Station - vide Government Order No.6437-41/G.M.43-08-5 dated 12th May 1909. The exchange having been formally effected, jurisdiction over the site was ceded and a rectification of the boundaries was effected by Notification dated 24th October 1910.

(2.) The Civil and Military Station authorities now propose to construct quarters for the Sub-Inspector of the Cubbon Park Police Station and a plot of ground adjoining the Police Station and forming part of the compound of the Prospect House is required for the purpose. In his D.O. letter No.4637 dated 10th August 1912, the First Assistant to the Resident requests to be informed whether there is any objection to the land being acquired for the purpose and to jurisdiction therein being assigned to British Government.

5

(3) On inquiry the Deputy Commissioner of Bangalore reports that there is no objection to the acquisition of the land or the assignment of jurisdiction therein and that the value of land in the vicinity is estimated at Re.1 per square yard while Mrs. C.F. Bates the present owner of the land is said to ask for a much larger compensation.

4

(4) The papers are submitted for the orders of His Highness. The Residency may be informed that there is no objection to the acquisition of the land in question or to the assignment of jurisdiction therein to the British Government. The value of the land when ultimately settled will be payable by the Civil and Military Station authorities.

In the present case it was open to Mrs. Bates to have recourse to this remedy. ~~She~~ She did nothing beyond protesting against the requisition of her land, and when she wanted the matter to be referred to the Court for settlement, the remedy had become time-barred. Q1. As regards the petitioners contention that the whole of her property should have been acquired, a reference is invited to S. 49 of the Regulation from which it will be observed that it is the acquisition of a part only of any house, manufactory or other building that is not permitted if the owner should desire the whole of such house, manufactory or building to be acquired. ~~That~~ In the present case it ~~was~~ is a part of the Compound attached to Mrs. Bates's house that was acquired.

92 Mrs Bale's representation resolves itself into two contentions.

(i) That she was ignorant of the procedure that she had to follow, and therefore her application tho' time barred should be entertained.

(ii) That if acquisition is necessary at all, the whole of her property may be acquired.

93. With regard to the first point, it has to be observed that the rule of law is "Ignorantia juris non excusat". She could easily have obtained legal advice. Besides, the tenor of her petitions shows that she is really not as ignorant as she professes to be.

94. With regard to the second point, ~~although~~ as observed at para 91 above, the wording of Section 49; ~~would seem~~ - especially the words "house, manufactory or other building" - would seem to imply that the petitioner cannot claim any concession on the score that what is now acquired is not a building, but merely a portion of the compound. (1) With reference to Private Secretary's Memo No. 1359 dated the 19th September 1914, I submit herewith the file of papers relating to the claim of Mrs.C.F.Bates for compensation for land acquired out of the "Prospect House" near the Cubbon Park, and made over to the Civil and Military Station authorities for the construction of quarters for a Sub Inspector of Police.

B

(2) The typed office-note prepared in the office, attached herewith, explains the case fully. Mrs. Bates, not having availed herself of the only manner provided by law in which she could have got the compensation enhanced, cannot be given any relief now, as the lands were acquired on behalf of the Civil and Military Station authorities and compensation has to be paid by them.

M. Krishnaraja.
25th Oct. 1914.

Serial No.

10 5(1) At the request of the Residency, the acquisition of a plot of ground measuring 745 5/9 square yards and forming part of the compound of a bungalow, known as the Prospect House, on the Sydney Road, was sanctioned in September 1912, with the approval of His Highness, for the construction of quarters for the Sub Inspector of the Cubbon Park Police Station. The owner of the property, viz., Mrs. C.F.Bates, had no objection to the land being acquired, but wanted a compensation of Rs 4,000 p.a., exclusive of the statutory allowance of 15% on the compensation amount on account of the compulsory nature of the acquisition. But the Deputy Commissioner considered this extravagant and awarded a compensation of Rs.1,022-6-9 only, calculated as follows:-

Value of land @ Re.1 per square yard.	Rs.	745	9 0
Compound wall ...	Rs.	141	8 0
Two trees ...	Rs.	2	0 0
Total	Rs.	889	1 0
Add statutory allowance @ 15 per cent.	Rs.	133	5 9
	Rs.	1,022	6 9

(9) This was on the 17th March 1913.

(10) But the acquisition order could not be enforced till 4th October 1913, as Mrs. Bates declined to deliver possession of the property ~~resisted~~ even after she was told that her representation to the Hon'ble the Resident had been

NOTE—Contn. sheet.

GPB—60,000—7-11-13

been thrown out. Finally proceedings to enforce a surrender had to be taken under Section 47 of the Land Acquisition Regulation and it was then she gave up the land which was taken possessic of and handed over to the Civil and Military Station authorities.

(3) In January and March, 1914, Mrs. Bates presented complaint petitions to the Dewan, in ~~March~~ the same terms as in her present petition to His Highness and was informed that she should appear before the Deputy Commissioner and receive the compensation amount. She has apparently not done so till now.

(4) Mrs. Bates' contentions resolve themselves into two (i) that the compensation awarded is inadequate, that her bungalow has depreciated in value on account of acquisition of only a part of the compound and that the whole bungalow ought to have been acquired. (ii) that being an old lady she is ignorant of the procedure; and her laches if any should therefore be overlooked, and the matter re-considered.

(5) With reference to the first, she had her remedy under Sections 18 and 49 of the Land acquisition Regulation and might have enforced it by making a written application to the Deputy Commissioner to refer the matter for the determination

GPB—60,000—7-11-13

determination of the Court, within the time allowed. But instead of doing this legitmately in the manner laid down by the law, she wasted time by making unnecessary representations and protests, ~~till now~~ and allowing the relief ~~has~~ 6 become time-barred.

6. With regard to her second request, it has to be observed that ignorance of law excuses nobody and that she could easily have obtained legal advice. Besides the tenor of her petitions shows that she is not really so ignorant as she would make out.

7. In the result, petitioner's representation does not appear to be entitled to any further consideration.

8. The papers on the subject are herewith submitted.

With reference to your D.O. letter No.713 dated the 10th August 1912, calling for submission of certain information in the matter of the acquisition of the land shown in the blue print received with the above, for constructing quarters for the Sub Inspector of Cubbon Park Police Station, I beg to state that the land referred to , is a part of the Prospect House Bungalow compound belonging to Mrs. C.F. Bates and measures 745 Square Yards and 5 Square Feet.

There seems to be no objection for the land being acquired and the jurisdiction therein assigned to the British Government. The value of the lands in the vicinity is estimated at Re1/- per square yard; and at this rate the value of the land in question comes to about Rs748/- including

including the value of the two trees on it, and the compound wall which encloses it is estimated at Rs 141-8-0. Thus the total cost of the acquisition of the land in question comes to Rs1024/- including the Statutory allowance of 15% to be granted for the compulsory nature of the acquisition. Mrs.C.F. Bates herself has no objection to part with the land in question provided she is given Rs4,000/-- for the plot with 15% in addition for the compul-- sory nature of the acquisition.

I beg to submit herewith a draft declaration statement in respect of the above land, and to return the blue print.

I beg to remain,

Dated 17th March 1913.

The acquisition of 745-5/9 Sq. Yards of vacant land out of the compound of the Prospect House Bungalow, on the Sydney Road, Bangalore City, required for the Civil and Military Station authorities for the construction of the quarters for the Sub-Inspector of the Cubbon Park Polic Station, has been sanctioned by Government in their Order No. G.1892-4/G. M. 150-12-6 dated 27th September 1912 and the declaration Statement for the same published in the Mysore Gazette dated 3rd. October 1912, under Notification No. J. 1006/Police 234-12-5 dated 1st October 1912 on page 361.

Notice under Section9 of the land Acquisition Regulation was served on the owner, Mrs. C. F. Bates, requesting her to appear before me on 22nd December 1912 and to state the nature of her interests in the property, and the value thereof and other particulars. The Agent of the Bangalore Bank Ltd., Bangalore, ~~who~~ in his letter No. 104/1690 dated 21st November 1912, protested against the acusition of a portion of the compound in question on the ground that the property required has been mortgaged to him for Rs. 6,500/-, and that the acqusition of a portion of the compound, would deteriorate its value. The Agent of the Bank was also served with a Notice under Section 9 of the Land Acquisition Regulation and he was requested to,appear personally or by Agent before me and state the nature of the interests in the property, and objection if any, to the compensation amount being paid to the owner.

Mrs. Bates appeared on the 2nd. December 1912 and presented a written statement to the effect that the acquisition of a portion only of the property would deteriorate the value of the remaining property, that on a former occasion, the C & M Station Municipality negotiated to acquire that portion of the compound now proposed to be acquired, and offered Rupees Two thousand five hundred for the vacant land , and that she should be

There is no objection to your appealing against

Still as the land acquired must, at all events, be taken possession of immediately, and made available for the public purpose for which it is intended, further steps will have to be taken under section 47 of the Land Acquisition Regulation, to enforce surrender of the same, if you still persist. Petitioner. Mrs C. F. Bates
Prospect House
Sydney Road. Bangalore

In the matter of the acquisition of portion of "Prospect House" situate in Sydney Road, Bangalore, the petition of Mrs C. F. Bates of "Prospect House" aforesaid Sheweth:—

1. That the Petitioner is the owner of a property known as "Prospect House" Bangalore.

2. That the Petitioner is informed that the Government of His Highness the Maharaja of Mysore, accorded sanction to the acquisition of a portion of the said property.

3. That a notice of such intention to acquire a portion of the said property, was sent to the Petitioner, by the Deputy Commissioner of Bangalore

4. That in reply to the said notice on or about 1st December 1912, the Petitioner protested against the said acquisition on the ground that it would diminish the value of the property left to her considerably and suggested that if the property was to be acquired at all by the Government, the whole of it should be acquired at the proper price thereof - and not a

portion of it at a nominal price:

5. That the Petitioner was informed by a notice from the said Deputy Commissioner dated the 23rd of April 1913. that a portion of the said property, was to be acquired, and that a sum of Rs. 1022. 6. 9. was fixed as the compensation payable to her, which sum was to be received within a week from the said date, from the said Deputy Commissioner.

6. That on the 13th of May 1913. the petitioner requested the said Deputy Commissioner to hold his order in abeyance.

7. That on the 14th of May 1913. the petitioner who did not consent to receive the said compensation, petitioned to the Honorable the Resident in Mysore, who on the 26th of May 1913 intimated to her that he was unable to interfere in the matter.

8. That the said Deputy Commissioner by his letter dated 11th August 1913. desired the petitioner to hand over possession of a portion of the said property.

9. That in reply thereto, the petitioner on the 12th of August 1913. in continuation of her letter of the 26th of July 1913. desired that the matter should be referred to the District Court, under the provisions of the Land Acquisition Regulation.

10. That in reply thereto, the petitioner was informed, that her requisition was time-barred.

11. That there was no ladies

on the part of the petitioner, and she never consented to the award, a fact of which the said Deputy Commissioner was well aware.

12. That the said Deputy Commissioner did not send the amount awarded by him to the District Court.

13. That the petitioner did not surrender possession of the said land.

14. That the acquisition of a portion of the said property, in opposition to the wishes of the petitioner is manifestly opposed to law.

15. That the compensation fixed is too low, and out of all proportion to the value of the land to be acquired.

16. That the petitioner on the 19th of September 1913. petitioned to the Revenue Commissioner of Mysore, praying that the Deputy Commissioner's order may be set aside, and that she be left in peaceful possession of her property, or, in the alternative that the whole of the said property, may be acquired at a reasonable price, in that the matter may be referred to the District Court.

17. The Rev. Commissioner declined to interfere in the said matter.

18. That the petitioner has since been dispossessed of the land in question.

19. That the action of the Deputy Commissioner is opposed to law and equity.

20. That the action of the

(86

Deputy Commissioner has caused considerable loss to the petitioner, who is old and infirm.

21. That the petitioner before the acquisition of the said land, was offered Rs 2,500 and compensation for it, which she declined to accept.

Wherefore the petitioner prays that the whole matter may be enquired into, and justice done to her.

3. In this connection, I beg to add that Government, to whom a draft proclamation revising the boundary of the City municipal limits was forwarded with this office letter No.46 dated the 7th August 1913 for sanction, returned the same with the General and Revenue Secretary's letter No.2236/Ml. 160-13-6 dated the 27th August 1913 for retransmission with a report as to the authority for the insertion of sub Nos. 1 to 3 of boundary stone XIV. Copy of the above communication was forwarded to Government with this office letter No.164 dated the 24th November 1913 in reply to their last reference on the subject. M E M O.

The original draft Notification of the alteration in the City boundary, approved of in Government Order No.2546/G.M. 259-09-8, dated 24th October 1910 was prepared according to the positions of Boundary stones that then existed - shown in black ink and since scored off in the plan. According to this, XIV/1 and XIV/2, XIV/3 and XIV/4 enclosed the land originally given for the Police Station - marked by red in the plan.

Following thism the subsequent alteration in boundary consequent upon the cessation to the Civil and Military Station of the triangular bit of land for constructing Inspector's quarters belonging to Prospect House - marked yellow in plan - was shown by the alteration in the position of stone XIV/4 and by the addition of stone XIV/5.

But upon a subsequent check on the spot, it is found that the positions of XIV/1, XIV/2, XIV/3 and XIV/4 have been materially altered by the Civil and Military Station - of which no information was given to this Municipality. Their positions are now as shown in the plan in red ink. Owing to this alteration, an amended notification is necessary - for which a draft is submitted for approval.

Sir,—

With reference to my petition re acquisition of a plot of ground on my property above, I am anxiously awaiting a reply from you on the subject. I again beg to lay before you my great grievance, I have been deprived of a portion of my land, the frontal of my house being defaced by the Police Quarters now erected, and which will soon be finished. Since then no person has rented my house, or cared to live in it. As I stated before, I am advancing in years and I much wish for some just settlement to be made. The C. & M. Station have in a high handed manner deprived me of my rights; and I feel certain once I lay my case before H. H. The Maha Rajah, he would do me justice, as a daughter of the late Mr John Taylor, a loyal and faithful servant of His Grand father the late Maha Rajah Krishna Raja Wodeyar, whom he served for 28 years, till his death. The plan shows correctly the positions of the boundary stones as they now stand. The introduction of the stones XIV/1, XIV/2 and XIV/3 in connexion as they now stand, was only for more definite delimitation of the boundary at the corner the boundary being the same as originally obtained - The only revised boundary occurs from XIV/6 to XIV/7 thence to XIV/8 consequent upon including a portion of Borehole in the compound of the Municipal Inspector's quarters.

) Petitioner.

The humble petition of Mrs. C. F. Bates, of "Prospect House", Sydney Road, Bangalore,

Sheweth:--

1. That the Petitioner is the owner of the house and grounds known as "Prospect House", situate within the limits of Bangalore City and adjoining the Cubbon Park.

2. That the Petitioner is informed that the Government of your Highness accorded sanction to the acquisition of a portion of the said property, it being required by the authorities of the Civil and Military Station of Bangalore for the purpose of constructing residential quarters for a Sub-Inspector of Police.

3. That a notice of the intention of the Government of your Highness to acquire a portion of the said property was sent to the Petitioner by the Deputy Commissioner of Bangalore.

4. That in reply to the said notice, on or about 1st December 1912, the Petitioner protested against the said

acquisition on the ground that it would considerably diminish the value of the rest of the said property which would be left to her and suggested, as she was entitled to do under the Land Acquisition Regulation, that if the said property was to be taken at all, the whole of it -- should be acquired at the proper price thereof and not a portion of it at a nominal price.

5. That the Bangalore Bank Ltd., who possess mortgage rights over the said property also protested against the acquisition of a portion of the said property for the -- reason urged by the Petitioner.

6. That inspite of the said protests, the Petitioner was informed by a notice from the said Deputy Commissioner, dated the 23rd of April 1913, that a portion of the said property was to be acquired and that a sum of Rs.1022-6-9, in all, inclusive of the allowance of 15 per cent for Com--pulsory Acquisition, was fixed as the compensation payable to her, which sum was to be received by her within a week from the said date from the said Deputy Commissioner.

7. That on the 13th of May 1913, the Petitioner who did not consent to receive the said compensation requested the said Deputy Commissioner to hold his order in abeyance.

8. That the Petitioner, who is an old lady, not acquainted with the procedure she had to follow on the 14th of May 1913, petitioned to the Hon'ble the Resident in Mysore, who intimated to her on the 26th of May 1913 that he was unable to interfere in the matter.

9. That the said Deputy Commissioner by his letter dated 11th August 1913. desired the Petitioner to hand over pos--session of or a portion of the said property.

10. That in reply thereto, the Petitioner, on the 12th of August 1913, in continuation of her letter of the 24th of July 1913 desired that the matter should be referred to the District Court for adjudication under the provisions of the Land Acquisition Regulation.

11. That in reply thereto, the Petitioner was informed that her requisition was time-barred.

12. That there was no laches on the part of the Petitioner and she never consented to the Deputy Commissioner's award a fact of which the said Deputy Commissioner was well aware.

13. That her conduct in this matter was perfectly bona-fide and she believed that she was doing the right thing in proceding in the manner she did.

14. That the Petitioner is informed and believes that there was nothing in law to prevent the said Deputy Commis--sioner from referring the matter to the District Court.

15. That the said Deputy Commissioner did not send the amount awarded by him to the District Court.

16. That the Deputy Commissioner desired the Petitioner to put him in immediate possession of the portion of the said property required by the Civil and Military Station Authorities.

17. That in October, she again requested the Deputy Com--missioner to hold his order in abeyance, having in the meanwhile appealed to the Revenue Commissioner.

18. That the Revenue Commissioner informed her in reply that no appeal lay to his office.

19. That the Petitioner has since been dispossessed of

(113

the land in question.

20. That the Petitioner then sought redress from your Highness's Dewan and in reply to her petition she was informed by the Secretary to the Government of your Highness that she should receive the compensation awarded by the said Deputy Commissioner.

8 & 29

21. That the compensation fixed by the said Deputy Com-missioner is totally inadequate.

22. That the Petitioner before the acquisition of the said piece of land by your Highness's Government, was offered a sum of Rs.2,500/- for it by the Municipal Engi-neer of the Civil and Military Station of Bangalore, an offer which she declined to accept.

23. That the action of the Deputy Commissioner in com-pulsorily acquiring only a portion of her property when she was not willing to part with it is wrong in law.

24. That the action of the Deputy Commissioner has caused considerable loss to the Petitioner and the amount of compensation fixed by him is ridiculously low.

25. That the presence of the house of a Sub-Inspector of Police, so close to the Petitioner's house, further dimi-nishes the value of her house, which is very centrally situated in one of the best localities in Bangalore.

26. That the Petitioner is the daughter of Mr. John Taylor who served in the Mysore Commissioner's Office long and faithfully for 28 years till his death in 1860.

27. That the Petitioner is old and infirm and "Prospect House" is the only property left to her.

Wherefore the Petitioner prays that your Highness

(1144

will be pleased to graciously enquire into the matter and see that justice is done to her, either by the whole of - the said property being acquired at a reasonable price or by the matter being referred to the District Court.

No. S-20 Memo (12)

The file of papers relating to the Notifications of the Boundary lines between the City Municipality and Station Municipality is herewith returned

The draft amendment of paragraph XV of the description of the boundaries of the Civil and Military station as prepared and submitted by the undersigned, is certified by the Collector and District Magistrate of Civil and Military Station, to be correct, (flag A) except in the distance between stone No XIV/7 and XIV/8, which he says ought to be 111 feet instead of 110 feet. This length of 110 feet noted in the draft notification was based on the measurements in the plan received from the Station Municipality themselves, when they wanted to acquire a portion of the Prospect Stones But in demarcating the boundary stones, stones XIV/7 and XIV/8 were planted 111 feet apart by the Civil and Military Station Municipality.

This explains the defference of one foot above alluded to. This is a trifling alteration and may be adopted and necessary correction is accordingly made in the draft Notification herewith sent.

It has been further suggested in the letter of the Collector and District Magistrate Civil and Military Station, and in the forwarding note of the Secretary to Government, that a revised

boundary

oundary notification may be drafted, and submitted after a certain new Road in the Cubbon Park West of Sydney Road and meeting the junction at the Civil and Military Boundary Stone No 2 XV has been formed. This work has neither been commenced nor is it known when it will be taken up. As it is already over two years since the alteration of boundary between the Civil and Military Station and the City was effected, the draft amended boundary notification may be published. The slight alteration due to the shifting of the Civil and Military boundary stone XV that may be necessary in the future by laying the new road, may be effected by a slight amendment of the notification later on.
